EDUCATION

RUTGERS UNIVERSITY | BS COMPUTER SCIENCE

NEW BRUNSWICK, NJ

EXP: MAY 2017

EXPERIENCE

CODECADEMY | CODING ADVISOR

MANHATTAN, NY

DEC 2015 – PRESENT

- Aided students in learning specifics for languages such as Ruby, JavaScript, Java, and Python.
- Reviewed coding topics with new students one-on-one and aided in learning programming fundamentals.
- Taught new coders how to avoid potential bugs and how to go through the process of fixing existing ones.

IEEE | SOFTWARE DEVELOPER (PART-TIME)

PISCATAWAY, NJ

AUG 2015 – DEC 2015

- Created a UI that used an API to automate the process of syncing departments, groups, and teams to database.
- Improved the IEEE Innovate site by using cookies to display tailored web-content.
- Improved media queries for better responsive design.

IEEE | SOFTWARE DEVELOPER INTERN

PISCATAWAY, NJ

JUN 2015 – AUG 2015

- Created web content with JavaServer Pages and HTML/CSS/JavaScript while following responsive design practices within the Liferay Java CMS.
- Redesigned the article template to dynamically create author blocks for each author of an article in order to display their personal info in an organized fashion.
- Enhanced multiple websites for better interaction on mobile and tablet devices.

JOHNSON & JOHNSON | WEB DEVELOPER INTERN

NEW BRUNSWICK, NJ

JAN 2015 – JUN 2015

- Improved existing web pages by migrating inline-styling to external CSS files, and adding cross-browser compatibility.
- Created SharePoint front-ends with HTML, CSS, and JavaScript and utilized the jQuery UI library to create responsive widgets.
- Debugged original code base as the sole developer on the team and created a standard for SharePoint web part development for future employees.
